MEMORANDUM FOR: Acting Deputy Director for Administration

SUBJECT         :  Weekly Report

25X1A

1. ███████████ Communications service was provided
24 hours a day during the coup. SKYLINK provided the primary
channel, with a high frequency radio circuit ████████ as a
backup. Normal service was restored today.

3. NSA: OC representatives met with NSA to discuss an
NSA request for ████/SKYLINK support to an NSA intercept pro-
gram. We advised NSA that our system is not designed to handle
their extremely broad band requirements.

4. ███████ Seawall: Construction of the concrete seawall
at the █████████ transmitter site is 22% complete. By the original
scheduling the project should now be 50% complete. There is no
new impact as a result of the slow progress, since OC is already
coping with the additional maintenance required in the absence
of a suitable seawall.
